

Entergy's 2021 Environmental Initiative Fund Grants

Company - Organization	Project	Description	Entergy Service Territory
Arbor Day Foundation	Energy-Saving Trees	Energy-Saving Trees is a strategic tree-planting initiative focused on right tree/right place and environmental impact. Two thousand residential customers will reserve/receive a free tree to be planted in their yards.	Arkansas, Louisiana, Mississippi, Texas
Adopt A Charger	Charge Up! Arkansas	Proposal for up to 10 electric vehicle "free to user" charging installations at high profile locations.	Arkansas
Nicholls State University Foundation	Coast, Climate, and Culture Literacy Program	Provision for a permanent, interactive educational installation at the Nicholls Coastal Center and an educational outreach program conducted by Coastal Center faculty and staff, both highlighting the essential intersection of the Louisiana Coast, climate change, and cultural preservation and adaptation.	Louisiana
Port Arthur Transit	Port Arthur Transit Zero-Emission Bus Deployment	The transit will purchase and install one electric bus, which will bring the number of electric buses in the community to 11.	Texas
Restore the Earth Foundation	Determining the Value of Market and Social Benefits Created by Reforestation of the Maurepas Land Bridge	An EcoMetrics analysis of the restoration work being conducted on the Maurepas Land Bridge, which will determine the type, quantity, and value (in monetized terms) all of the co-benefits created by the restoration.	New Orleans Louisiana
Transportation Energy Partnership/Louisiana Clean Fuels	Reducing Emissions at Louisiana State Parks Through Installation of EV Charging Stations	Louisiana Clean Fuels, in partnership with the Louisiana Office of State Parks, will install up to 20 dual-port Level 2 charging stations at 10 different Louisiana State Parks.	New Orleans Louisiana
Grounds Krewe NOLA	Flower Power Sustainability Throw Package	Sustainable Mardi Gras throws made from biodegradable, recycled, functional and/or consumable materials, each with unique QR codes designed into the throw artwork that will link to information about sustainability aspects, the mission behind the initiative and its supporters.	New Orleans
Sam Houston State University	Design, Construction, and Implementation of Sustainable PV Carport with Level 2 Fast EV Charging Stations at Visitors Center	SHSU will design, construct, and implement four Level 2 Electric Vehicle supply equipment for Plug-in Hybrid and EVs powered by zero-emission solar PV carport located at City of Huntsville Sam Houston Statue Visitors Center.	Texas

Lamar Research Foundation	Expansion of Electric Charging Stations at Lamar University	Improve the penetration of electric vehicles on Lamar University's campus.	Texas
Houston Audubon Society	Habitat Reforestation and Community Outreach at Damuth Bird Sanctuary in Liberty County, Texas	Enhancements to Damuth Bird Sanctuary in three key areas: habitat restoration, community outreach, and access to nature. Restoration of 15 acres and provision of greater opportunities for the local community to enjoy the sanctuary and learn about the diverse flora, fauna, and bird species found on the property.	Texas
Audubon Nature Institute	Party for the Planet Event Series 2022	This annual event reaches thousands of visitors and helps create the next generation of conservation stewards. Events can include Spring Into Action, Earth Day, Endangered Species Day, World Oceans Day, and Pollination Celebration and will be held across Audubon facilities, including Audubon Zoo and Audubon Louisiana Nature Center.	New Orleans Louisiana
Urban Conservancy	The Front Yard Initiative on the Frontline of Climate Change	Provides neighborhood level stormwater intervention by installing green stormwater infrastructure and removing paving.	New Orleans
Restore the Earth Foundation	Bayou Terrebonne Freshwater Diversion Phase II: Beneficial Use of Freshwater to Enhance and Sustain Coastal Wetlands in Pointe-aux-Chenes WMA	Retrofit of a second pump at the Pointe-aux-Chenes Wildlife Management Area.	New Orleans Louisiana
Blue Bike Krewe	Branding of Blue Bike Station	Sponsorship of a Blue Bikes station. Blue Bikes is a shared mobility service that provides active, healthy, and equitable transportation to New Orleans residents.	New Orleans
Xerox	Print Releaf Program	Reforestation Certification - for every 8,300 sheets of paper printed, we plant one tree. Based on previous paper consumption, proposal is for 5,211 trees.	Arkansas, Louisiana, Mississippi, Texas
