RE: Tariff Control No. 44644 - Interim True-Up Compliance Filing for Entergy Texas, Inc. Concerning Schedule SRC

NOTICE OF APPROVAL

On April 15, 2015, Entergy Texas, Inc. (ETI) filed an Interim Schedule SRC (System Restoration Costs) True Up in compliance with the Financing Order in Docket No. 37247.¹ The Financing Order (1) authorizes the issuance of transition bonds for the recovery of SRCs, carrying costs, and up-front qualified costs associated with the bonds through Schedule SRC, (2) set out the rates and terms and conditions under which the transition charges will be billed and collected with respect to the Transition Bonds, (3) and allows ETI to file an interim true-up if it is forecasted that collections will be insufficient to make all schedule payments of principal, interest, and other amounts in respect of the transition bonds. ETI proposed an effective date of April 30, 2015.

On April 27, 2015, Commission Staff filed a recommendation for approval of ETI's filing. Staff reviewed ETI's filing and determined that the update to Schedule SRC is consistent with the Financing Order in Docket No. 37247. Staff also recommended ETI file a clean copy of Schedule SRC to be stamp "Approved" by Central Records and retained for future use.
