

SUPPLIER SAFETY QUALIFICATION GUIDE

Most suppliers that come to Entergy-managed property to perform services will be required to become safety qualified through Entergy's third-party qualification service, Avetta.

Supply Chain will invite required suppliers to participate.

Entergy Suppliers must meet the following Minimum Safety Requirements:

- **EMR** (Experience Modification Rate) **for the latest year ≤ 1.0**
- **TRIR** (Total Recordable Incident Rate) **latest three year average $\leq 100\%$** of the rate for each NAICS code applicable to your business
- **DART** (Days Away Restricted or Transferred) **latest three year average $\leq 100\%$** of the rate for each NAICS code applicable to your business
- **No Fatalities** in the last three years
- **No OSHA Willful or Serious citations** in the last three years
